#### **1. Proposals to amend articles 12, 13, 18 and 20 of the Company's by-laws.**

The Board of Directors resolved to propose to the shareholders meeting to amend the Company's by-laws, in order to:

**2. Proposal to increase the paid-in share capital for the maximum amount of Euros 30,000,000, including the possible share premium, to be optionally offered to the Company's shareholders, as per article 2441, paragraph 1, of the Civil Code.**

The Board of Directors resolved to propose to the shareholders meeting to increase the paid-in share capital for the maximum amount of Euros 30,000,000, including the possible share premium, by issuance of new ordinary shares of expert.ai, having the same features of the outstanding stock (the "**New Shares**"), to be offered in option to the eligible current shareholders of the Company (the "**Share Capital Increase**").

The Share Capital Increase is instrumental to the Company's funding and, in particular, is aimed at collecting the financial resources necessary to fulfil the strategic goals defined in the business plan 2024 – 2026 ("**Business Plan 2024 – 2026**"), as well as at rebalancing the equilibrium, within the Group's financial structure, between the Company's own means and third-parties' resources and, consequently, is aimed at reducing the Company's financial burden.

In line with market practice, the Board of Directors proposes that the conditions for implementing the Share Capital Increase would be defined by the same Board immediately before the offer of the Share Capital Increase in option to the current shareholders. In particular, the Board:

- Shall define, according to the terms established by the shareholders meeting, the timing of the option rights' offer, pursuant to article 2441, paragraph 1, of the Civil Code;
- Shall determine the number of Company's shares to be issued in the ambit of the Share Capital Increase, the option ratio and the issuance price, considering, amongst the other circumstances defining the issuance price, the general market conditions, the stock performance, the Company's economic, capital and financial performance and relevant growth outlook, and having regard to the market practice for similar ECM transactions, including the possibility to apply a discount on the theoretical ex right price – "TERP" of outstanding shares calculated according to the current methodologies;
- Shall define, within the maximum threshold resolved by the extraordinary shareholders meeting, the definitive amount of the Share Capital Increase;
- Shall determine any other element necessary to implement and execute what resolved by the extraordinary shareholders meeting.

In the context of the proposal of Share Capital Increase, the shareholder GUM Group S.p.A. (company controlled by president Dario Pardi) expressed its, non-binding interest, in case of positive resolution in favour of the Share Capital Increase offered in option to the current shareholders adopted by the extraordinary shareholders meeting, and following the subsequent deliberation by the Board of Directors detailing all terms and conditions of the same Share Capital Increase, to subscribe its own share of the Share Capital Increase pursuant to art. 2441, paragraph 1, cod.civ., as well as the New Shares remained eventually unsubscribed by other shareholders, for an amount to be determined and in any case not exceeding Euros 15 million (specifying that this amount is to be understood as including GUM Group S.p.A.'s portion of the Capital Increase in Option pursuant to Article 2441, paragraph 1, of the Civil Code).

**3. Proposal to confer to the Board of Directors, pursuant to article 2443 of the Civil Code, a proxy for the additional increase of share capital up to the amount of Euros 20,000,000.**

Pursuant to article 2443 of the Civil Code, the Board of Directors resolved to propose to the shareholders meeting to confer to the same Board a proxy to increase the share capital

up to maximum Euros 20 million, to be executed also in splittable form and in one or more tranches, by the date of the shareholders' approval of the Company's financial statements closed at 31<sup>st</sup> December 2028, also with exclusion of the option right, as per article 2441, paragraphs 4 and/or 5, of the Civil Code, and to amend accordingly article 5 of the Company's by-laws (the "**Proxy**").

The Proxy, with a validity term of five years, is framed in the context of strategic goals of the Business Plan 2024 – 2026 and, amongst the other things, aims at allowing the Company to find, in case it would be considered necessary or opportune, additional financial resources for implementation of the Business Plan 2024 – 2026. The legal instrument of Proxy has many advantages in terms of: (i) execution timing of the transaction; (ii) economic conditions of the offer; (iii) amount of the share capital increase, even in splittable form, within the maximum threshold defined in the Proxy; (iv) determining the most suitable modalities to seize possible strategic opportunities, entitling to acquire quickly and effectively the assets suited to pursue the Company's strategies, both through contributions in kind, with the possibility to make use of the provisions under article 2343-ter of the Civil Code, and through contribution in cash, also with exclusion of the option right, which allow to expand the company structure, to increase its floating and/or the stock liquidity.

The notice of call of the extraordinary shareholders meeting, and the relevant reports from the Board of Directors on the items in the agenda, will be published within the terms and with the modalities indicated by the law and the by-laws. It is worth noting that the documentation pertaining to the items in the agenda will be made available to the public at the Company's registered office, on the website [www.expert.ai](http://www.expert.ai), and on the website of Borsa Italiana [www.borsaitaliana.it](http://www.borsaitaliana.it), Section "Azioni/Documenti" (Shares/Documents), under the terms indicated by the applicable law.
